

**Work Instruction  
Project Dashboard**

**Purpose**

The purpose of this module is to provide an overview of how to use the Project Dashboard in the MIP, including searching for projects based on:

- Geographic Area
- Project Level
- Project Health

This work instruction displays screens for a Studies project, but the process to navigate the Project Dashboard is applicable for Revisions and Amendments projects as well. The work instruction highlights any changes between the Studies and Revisions and Amendments functionality.

---

**Prerequisites**

None

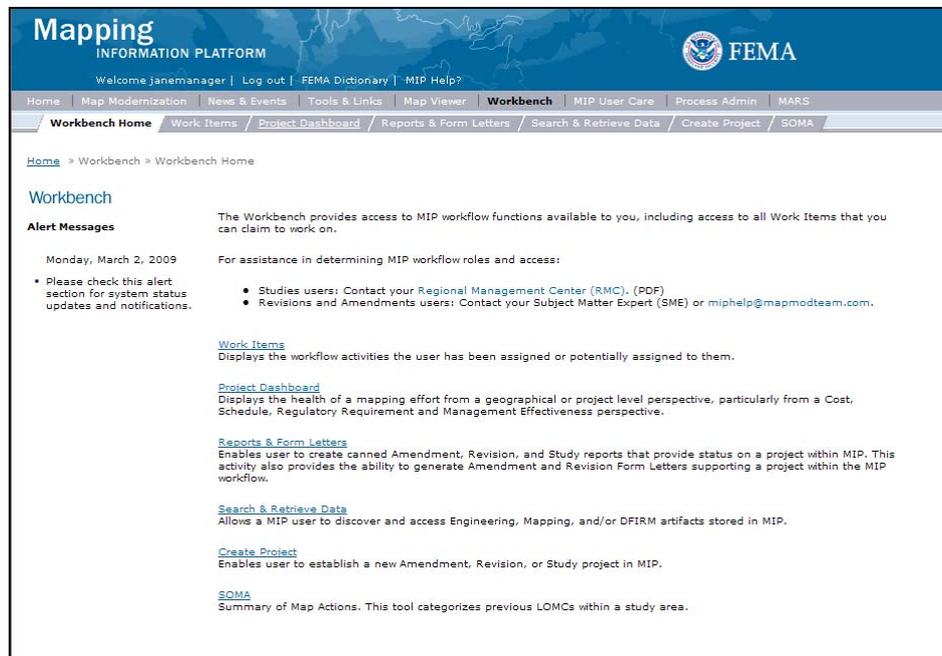

---

**Navigation**

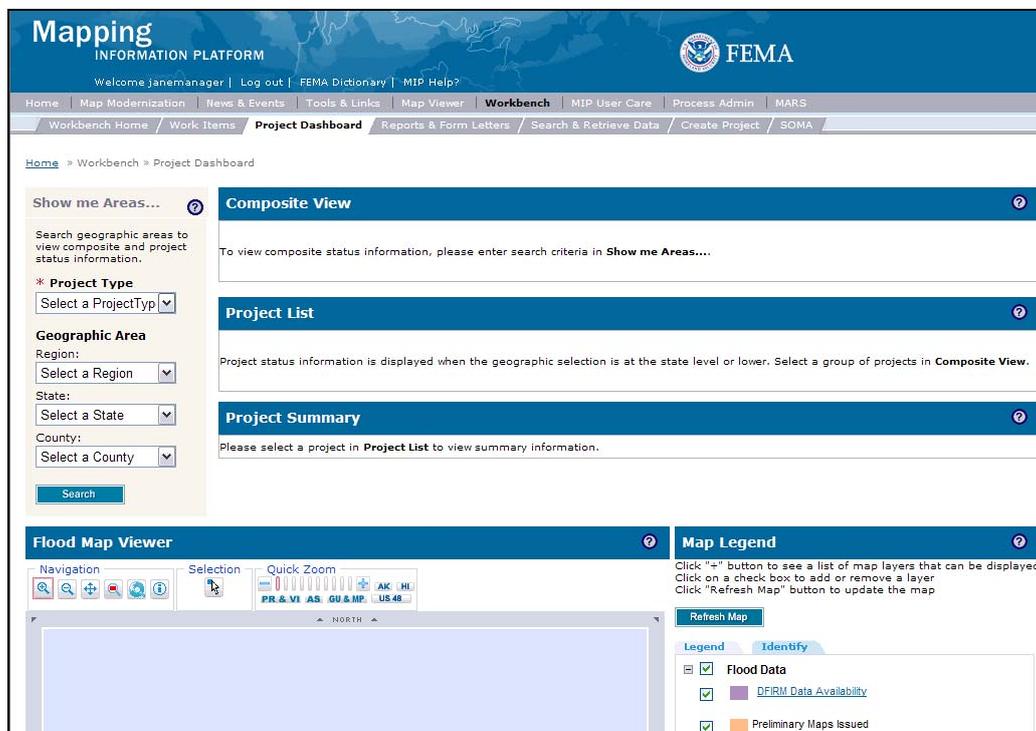

Via Menu Path	<b>Log in to the MIP → Workbench</b>  <b>and</b>  <b>Project Dashboard</b>
---------------	--

## Work Steps

1. Log in to the MIP and click the Workbench tab

2. Click Project Dashboard

3. Click on:  to view help text for the screen

**The help text for Project Dashboard displays:**

**Composite View**

**Goal**  
Select a Project Type in Show Me Areas and then click "Search" to populate the Composite View. This will generate a list of projects listed by Region. Click on a Region from the list to generate a list by County. This process can continue to the Community Name level. If the user would like to go back a level higher they may

The following information gives more details on how studies CPI and SPI are calculated on a project level:

**Earned Value Management (EVM) Example**

**TERMINOLOGY**

ACWP (AC) Actual Cost of Work Performed  
 BCWP (EV) Budgeted Cost of Work Performed  
 BCWS (PV) Budgeted Cost of Work Scheduled (planned)

**PERFORMANCE INDICES**

- Cost Performance
  - Cost Variance (CV) \$ = BCWP - ACWP
  - Cost Performance Index (CPI) = BCWP/ACWP
- Schedule Performance
  - Schedule Variance (SV) \$ = BCWP - BCWS
  - Schedule Performance Index (SPI) = BCWP/BCWS

Legend for Performance Indicators:

- Green - On Target: 0.95 - 1.05
- Yellow - At Risk: 0.90 - 1.10
- Red - Out of Tolerance: < 0.90 or > 1.10

**Project Name = Example**

Project CPI = 0.94  
 Project SPI = 0.50

Task	Task Baseline Budgeted Cost	% of Work Actually Completed	Days since Baseline Task Start/ Total Duration of Task in Days	BCWP	ACWP	BCWS
Scoping	6,000	1	14/14	6,000	7,000	6,000
Develop DFIRM Database	70,000	1	90/90	70,000	72,000	70,000
Perform Floodplain Mapping	30,000	0.5	180/180	15,000	17,000	30,000
Preliminary Map Production	85,000	0.15	90/90	12,750	10,000	85,000
Post Preliminary Processing	109,000	0.1	30/90	10,900	15,700	36,333
<b>TOTALS:</b>	<b>300,000</b>			<b>114,650</b>	<b>121,700</b>	<b>227,333</b>

BCWP = Task Baseline Budgeted Cost x % of Work Actually Completed  
 e.g. Prelim Map Production \$85000 x 0.15 = 12750

BCWS = Task Baseline Budgeted Cost x Days Since Baseline Start/Total Duration of Task in Days  
 e.g. Post Prelim Processing \$109000 x 30/90 = 36333

CPI = BCWP / ACWP = 114,650/121,700 = 0.94

The next section of the work instruction outlines the process to search for a project and navigate the Composite View, Project List and Project Summary sections.

	<p>All users have access to the Project Dashboard. A search can be conducted for Amendments, Revisions, and Studies.</p>
	<p>The Project Type of Amendments and Revisions have similar Geographic Area search criteria with the addition of searching by the community.</p>

4. Click the Project Type dropdown box and select the appropriate option
5. Click the Region dropdown box and select the appropriate region
6. Click the State dropdown box and select the appropriate state

7. Click on:

**Project List**

Project status information is displayed when the geographic selection is at the state level or lower. Select a group of projects in **Composite View**.

**Project Summary**

Please select a project in **Project List** to view summary information.

Counties that meet the search criteria now appear. The search could be further refined by selecting a county in the dropdown box or within the Composite View.

8. Click the links at the bottom right of the screen to navigate through the list of counties

Aside from the health column, each project type shows different data columns in the Composite View.

**Studies** display:

- Cost
- Cumulative CPI
- Schedule
- Cumulative SPI

**Amendments** display:

- 60 Day Indicator Turnaround Time
- 30 Day Indicator Turnaround Time

**Revisions** display:

- Regulatory
- Regulatory Turnaround Time
- Management
- Internal Turnaround Time

9. Click the # of Projects link for more details

Last Completed Activity	Create Final Rule For Federal Register
Overall Health Status	At Risk
Cost Status	At Risk
Schedule Status	On Target
Baseline Project Start Date	06/06/2005
Baseline Project End Date	09/29/2008
Actual Cost To Date / Actual Final Cost	
Baseline Project Cost	
Percent Spent	93.2%
Cumulative Cost Performance Index (CPI)	1.06
Cumulative Schedule Performance Index (SPI)	0.98
Cumulative To Complete Performance Index (TCPI)	0.24

**Summary of data elements in the Project Summary section:**

<p><b>Amendments, Studies and Revisions</b> projects all contain the following data fields:</p>	<ul style="list-style-type: none"> <li>• Project Number</li> <li>• Project Type</li> <li>• Affected Region</li> <li>• Affected State</li> <li>• Affected Counties &amp; FIPS codes</li> <li>• Affected Communities &amp; CIDs</li> <li>• Flooding Sources</li> <li>• Last Completed Activity</li> <li>• Overall Health Status</li> <li>• Baseline Project Start Date</li> <li>• Baseline Project End Date</li> </ul>
<p><b>Amendments and Revisions</b> also include these fields:</p>	<ul style="list-style-type: none"> <li>• 60 Day Status</li> <li>• 30 Day Status</li> </ul>

**Studies** differs by adding the following fields:

- Actual Cost to Date / Actual Final Cost
- Baseline Project Cost
- Percent Spent
- Cumulative Cost Performance Index (CPI)
- Cumulative Schedule Performance Index (SPI)
- Cumulative To Complete Performance Index (TCPI)

Note that only those users that are allowed to have access to cost data on a particular project will be able to view it.

11. The Flood Map Viewer also displays the location of the project.

The next section of the work instruction outlines the process to further refine a project search.

The screenshot shows the Mapping Information Platform interface. The top navigation bar includes 'Home', 'Map Modernization', 'News & Events', 'Tools & Links', 'Map Viewer', 'Workbench', 'MIP User Care', 'Process Admin', and 'MARS'. The 'Workbench' section is active, showing 'Workbench Home', 'Work Items', 'Project Dashboard', 'Reports & Form Letters', 'Search & Retrieve Data', 'Create Project', and 'SOMA'.

The main content area is titled 'Composite View -- Studies in Pennsylvania'. It features a table with columns: Geographic Area, # of Projects, Cost, Cumulative CPI, Schedule, Cumulative SPI, and Health. The table lists 10 counties with their respective project counts and status indicators (On Target, At Risk, Attention Needed).

Geographic Area	# of Projects	Cost	Cumulative CPI	Schedule	Cumulative SPI	Health
Franklin County	2	1.00	1.00	●	0.86	●
Fulton County	1	1.00	1.00	●	0.79	●
Greene County	1	1.01	1.01	●	1.85	●
Huntingdon County	1	1.00	1.00	●	0.85	●
Indiana County	1	0.96	0.96	●	0.19	●
Jefferson County	1	0.99	0.99	●	0.16	●
Juniata County	1	0.40	0.40	●	0.25	●
Lackawanna County	1	1.00	1.00	●	0.44	●
Lawrence County	1	1.00	1.00	●	0.27	●
Lebanon County	1	0.68	0.68	●	0.75	●

Below the composite view is a 'Project List -- Studies in Franklin County' table:

Project #	Project ID	Cost	Cumulative CPI	Schedule	Cumulative SPI	Health
06-02- A619S	Cumberland County, PA	●	1.06	○	0.98	●
07-03-	Franklin County, PA	○	1.00	●	0.87	●

The interface also includes a search filter on the left with dropdowns for Project Type, Geographic Area (Region, State, County), and Status Indicators (Cost, Schedule, Overall Health).

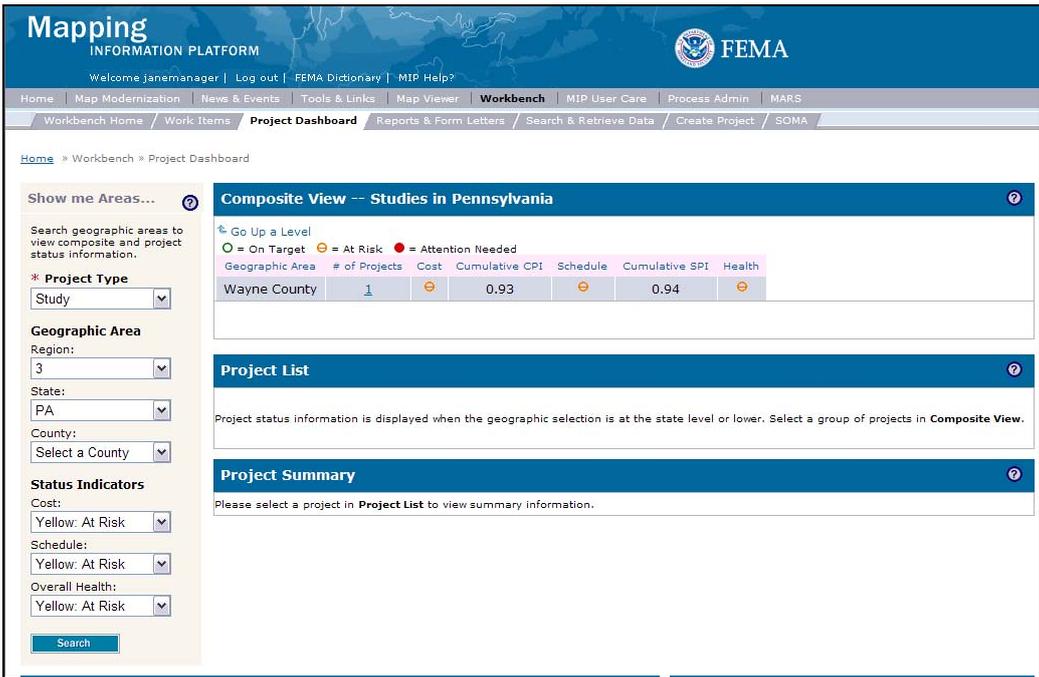

When the selected Project Types are Revisions or Amendments, the Status Indicator fields differ to include the following dropdowns:

- Regulatory Requirement
- Management Effectiveness
- Overall Health

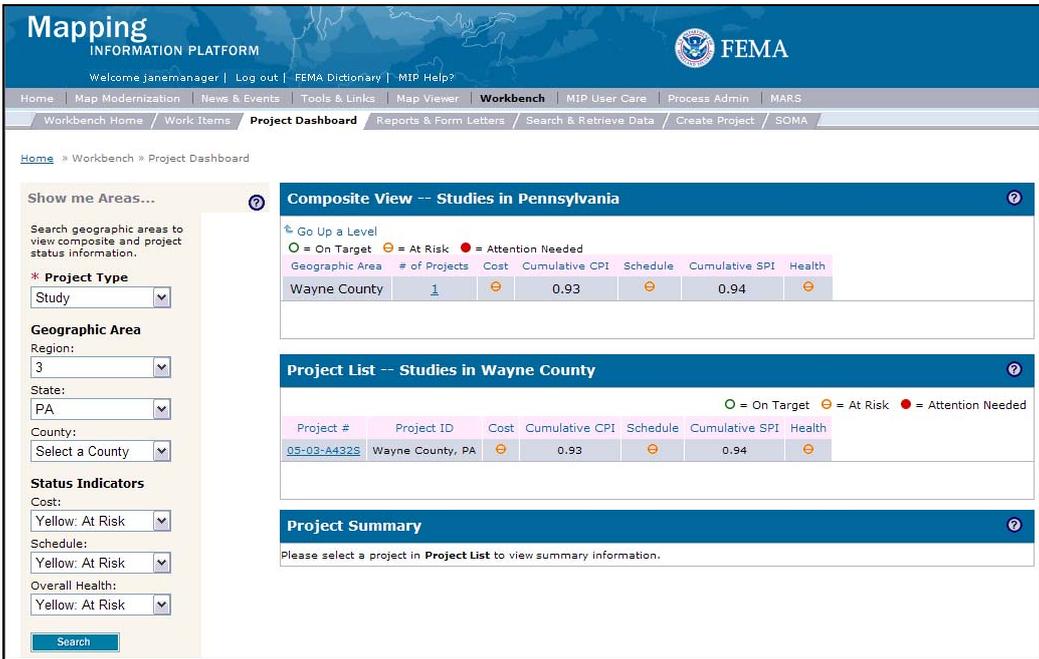

- The search can be further refined by any of the Status Indicators. Click the Cost dropdown box and select the appropriate option.
- Click the Schedule dropdown box and select the appropriate option.
- Click the Overall Health dropdown box and select the appropriate option.

- Click on:

16. The refined search results now appear. Click to view more details on project(s) that meet these criteria.

17. Click the Project # to display the Project Summary

Results
The user is able to navigate Project Dashboard functionality.
