<b>Issue/Questions</b>	<b>Answers</b>
The GIS Data Depot is not accepting any more uploads. Is there an exception to this rule? When will additional space be installed?	If your data needs to be uploaded for any reason, submit a ticket to <a href="mailto:miphelp@riskmapcds.com">miphelp@riskmapcds.com</a> . The uploading procedure should return to normal by January 31, 2012 when more space is added.
