

Below are questions and answers that were discussed on the Studies Workflow Open Conference Call on September 15, 2011.

As a reminder, MIP Help can be reached via e-mail at [miphelp@riskmapcds.com](mailto:miphelp@riskmapcds.com) or telephone at 1-877-FEMA-MAP.

<b>Issue/Questions</b>	<b>Answers</b>
Will there be a fix to the Scoping and Discovery Earned Value reporting issue?	At this time, the issue is being examined, but is not part of the current implementation plan.
If a new project is started within the next few months, which server would it be housed on?	All newly created projects will automatically be stored on the new WBS server and will not undergo any transition.
I am new to the MIP. How do I proceed with data validations?	Coordinate with your regional Black Belt. If escalation is needed, they can get in touch with your FEMA Champion and MIP Help.
The most recent version of Appendix M states that a metadata file needs to be uploaded to the MIP in Discovery, however there is no point at which the user can choose to upload this file. Will this issue be addressed in an updated version of Appendix M?	Appendix M will be updated to include the workaround for this process.
How can I improve my troubleshooting of MIP issues?	Various guides, documentation and training materials can be found under the MIP User Care tab located on <a href="http://hazards.fema.gov/">http://hazards.fema.gov/</a> .
