

Work Instruction – Studies, Revisions, and Amendments Data Upload

Purpose

The purpose of this work instruction is to outline the process to upload Studies, Revisions, and Amendments material to the MIP through the Data Upload portal in Tools & Links.

Studies materials available for upload include the following Product Types:

- FBS Reports
- Correspondence
- Supporting Artifacts

Revisions materials available for upload include the following Product Types:

- Modeling Hydraulics
- Modeling Hydrology
- Review Notes
- Annotations
- Final Determination
- Correspondence
- Cover Letter
- Special Response Letter
- Violation Letter
- 116 Letter
- Best Available Data
- 316-PMR
- FEDD File
- Supporting Artifacts
- Work Maps
- Endangered Species Act (ESA) Documentation

Amendments materials available for upload include the following Product Types:

- Correspondence/Data
- Final Letter

- Cover Letter
- Final Determination
- Violation Letter
- Other Response
- Supporting Artifacts
- 216 Letter
- Endangered Species Act (ESA) Documentation

Public access rules for searching and downloading the materials uploaded through the Data Upload portal is available on [MIP User Care](#).

For Online LOMC Cases when the following product types are uploaded through Data Upload, they will be searchable and retrievable through the Flood Risk Study Engineering Library **and** available to the Requestor through the Online LOMC application:

- Amendments
 - Cover Letter
 - Final Determination
 - Violation Letter
 - Other Response
 - 216 Letter
- Revisions
 - Cover Letter
 - Final Determination
 - Special Response Letter
 - 116 Letter
 - 316-PMR

Prerequisites

None

Navigation

1. Log into the [MIP](#)
2. Click on Tools & Links
3. Click on Data Upload

Work Steps for Uploading Studies Materials

Load Studies Data Artifacts | Load Amendments/Revisions Data Artifacts

[Home](#) » [Tools & Links](#) » [Data Upload](#) » [Load Studies Data Artifacts](#)

Load Studies Data Artifacts

* indicates a required field.

Case Information:

* FEMA Case Number:

Submission Details:

* Product Type:

* Effective Date: 

* Abstract:

Submission Method:

Packages more than 1 Gigabyte in size or containing more than 8000 files can be separated into multiple uploads.

File Upload

If a user has multiple files, these files should be zipped together, and uploaded as a single file.

Warning: During the upload process, if there isn't activity in your current MIP session after 30 minutes you will be disconnected.

[Continue >](#)

1. Enter the FEMA Case Number
2. Select the appropriate option from the Product Type dropdown box
3. Click on the calendar icon and select the Effective Date
4. Enter the Abstract text

Load Studies Data Artifacts

* indicates a required field.

Case Information:

* **FEMA Case Number:**

Geography Information:

Region:	4
State:	GA
County:	DeKalb County
Community:	ATLANTA, CITY OF
CID:	135157

Submission Details:

* Product Type:	<input type="text" value="Scoping"/>
* Effective Date:	<input type="text" value="05/30/2014"/>
* Abstract:	<input type="text" value="test"/>

Submission Method:

Packages more than 1 Gigabyte in size or containing more than 8000 files can be separated into multiple uploads.

File Upload

If a user has multiple files, these files should be zipped together, and uploaded as a single file.

Warning: During the upload process, if there isn't activity in your current MIP session after 30 minutes you will be disconnected.

[Continue >](#)

5. Click the Continue button

Load Studies Data Artifacts

* indicates a required field.

Case Information:

FEMA Case Number: 11-04-0072S

Geography Information:

Region: 4
State: GA
County: DeKalb County
Community: ATLANTA, CITY OF
CID: 135157

Submission Details:

Product Type: Scoping
Effective Date: 05/30/2014
Abstract: test

Access Restriction:

Allow for Public Discovery? Yes No
Allow File Names Displayed? Yes No
Allow for Public Download? Yes No

Submission Method:

* **Select File to Upload:** No file selected.

If a user has multiple files, these files should be zipped together, and uploaded as a single file.

Warning: During the upload process, if there isn't activity in your current MIP session after 30 minutes you will be disconnected.

[< Back](#)

[Complete](#)

6. Select the appropriate Access Restriction for the material. Select Yes or No for the 3 Access Restriction questions:

- Allow for Public Discovery? – *Will the public see the upload dataset returned in the Flood Risk Study Engineering Library search results?*
- Allow File Names Displayed? – *After selecting an upload dataset in the Flood Risk Study Engineering Library, can the public view the file names within the specific upload?*

- Allow for Public Download? – *In the Flood Risk Study Engineering Library can the public download the files associated with the specific upload?*

Selecting No for all 3 questions will result in the Flood Risk Study Engineering Library not displaying the uploaded materials to the public at any time. By default, the Access Restrictions will be set as defined in the [Public Access Rules](#). You cannot remove restrictions that are placed by default, so some or all of answers to the 3 questions will not be editable. For example, Scoping materials are publically discoverable, and their file names are publically viewable; however, Scoping materials cannot be downloaded by the public

7. Click the Browse button and select the file you wish to upload. If you wish to upload multiple files, then they should be zipped together and uploaded as a single file
